

LIVE-VIDEO MONITORING

AUTO DEALERSHIPS

At Live Patrol, our goal is to provide your dealership with custom, advanced live video monitoring, while saving you time and money. With multiple services offered, Live Patrol can customize your system to meet your very specific needs. We have the ability to secure the whole premise simultaneously, replacing the need for unreliable guard services, and becoming more cost effective and much more reliable. Our cutting edge, and local, monitoring facility is equipped with the latest in technologically advanced applications and software, operated by highly-skilled professionals. An intelligent security system that reduces liability!
